

# INCLUSION & SEND

## Southwark Education Learning and Achievement

### SENCO SUPPORT

#### Peer support

Ever wondered what is happening at other schools? Looking for new ways of supporting students with SEND? Want to see examples of good practice and strategies working?

Ask for peer support! We have an incredible workforce with lots of talented SENCOs who are happy to share ideas. Talk to your SEND consultant about new strategies you would like to implement and we will do our best to find a school and arrange a visit.

### INCLUSION & SEND CONSULTANTS

This January we welcomed our new family support worker Ellie Parker to our team. So far, she has hit the ground running supporting families of children with SEND. If you would like support from Ellie, please contact your consultant.

### UPCOMING TRAINING

This half terms webinar is on Primary to Secondary transition, on the 25th April, 4pm. To register for this webinar and to see the full list of webinar topics for this academic year visit SEND CPD and training on the Southwark education website.

#### Take part - Chatta Pilot

We are looking for **6 schools** to pilot a new whole class teaching program, fully funded by Southwark. Chatta is a way of teaching which links modelled language, oral composition and audio-visual storyboards. The unique software allows teachers to create audio-visual storyboards as they teach, breaking up content into manageable chunks. Contact your consultant to take part. Learn more about Chatta [HERE](#).

## POSITIVE PARTNERSHIPS
