

Southwark Governor Training Summer 2025

Welcome to the Southwark Training Programme

Our governors are crucial to the success of our schools, and we are pleased to offer you a training & development programme which provides opportunities for you to learn from experts, share practice and gain new ideas and insights. Our training offer reflects both local and national priorities and is designed to help you fulfil your role confidently and be the best governor you can be. The DfE Governance guides encourage Boards to be committed to professional development and ensure it is reflected in their budget. As part of induction and continuous development, effective boards encourage everyone involved in governance, especially those new to their role, to make the most of the resources, guidance and training available to develop their knowledge and skills. We have sessions for new and longstanding governors, sessions which will develop your skills and specialist knowledge, and sessions aimed at Chairs and leading governors. **We look forward to seeing you at our events.**

How to book

Governors with access to GovernorHub (GH) should book courses they wish to attend directly on the GH website, otherwise contact selina.mcclure@southwark.gov.uk with your training requests.

Course details

Induction Modules

Southwark's new governor induction consists of seven modules, covering the three core functions of the governing board and explaining governors' roles and responsibilities in overseeing the school curriculum, school finance, safeguarding, staffing and the provision of education to children with special educational needs and disabilities. The induction programme is offered on a termly basis. Apart from modules one and two, which follow in sequence, the remaining modules are 'standalone' sessions and governors can mix and match the modules between the series, as convenient. If you are a newly appointed or elected governor or **are looking for a refresher** then these sessions are for you.
