

What was the child/YP doing before the problem behaviour occurred.

Antecedent	Behaviour	Consequence
	Who was there, what were they doing before the problem behaviour occurred.	
	Where did the incident occur? What was the setting like? Was it busy, loud, quiet etc.?	
	What was the activity? Had there been a transition? Was anything different to normal?

Describe exactly what happened, if there was more than one problem behaviour list them in order

Antecedent	Behaviour	Consequence

How long did the behaviour last?

Was the behaviour directed towards someone? Were they injured?

What was the intensity of the behaviour?

What did you do in response to the problem behaviour? What did anyone else do?

What did you say? What did others say?

Did they get access to something?

Did they escape or avoid something?

Consequence
