

FREE CPD FOR SOUTHWARK SCHOOLS

Supporting families with digital resilience and online safety

Southwark Council has partnered with Parent Zone Local to support parents and families to improve online-safety and digital resilience.

To find out more about the Parent Zone Local programme and how it can support families and pupils at your school, and to learn about the free resource available, schools are invited to attend our virtual professionals sessions.

These sessions are open to all Southwark schools, and would be suitable for Designated Safeguarding Leads, family/parent support workers, or any school leads or teachers with responsibility for online-safety or an interest in this area.
