

# Development overview for SENDIF applications

Child's Name				Setting name								
Date of birth				Age in Months								
Developmental stage in months	Baseline			Term 1			Term 2			Term 3		
	CL	PSED	PD	CL	PSED	PD	CL	PSED	PD	CL	PSED	PD
0-6												
6-12												
12-18												
18-24												
24-30												
30-36												
36-42												
42-48												
48-54												
54-60												

## Guidance for completing the development overview;

- The development overview grid is set out in 6 month bands and is based on child development rather than on any particular assessment system
- Each child's band is determined by their age. Please see completed example below.
- You are only required to fill in the overview for the baseline and current assessment phase e.g. either term 1, term 2 or term 3
- The development overview should reflect the evidence you have provided in the application form
- For guidance on child development, please refer to any of the non-statutory resources such as Development Matters 2020, Birth to 5 or the [Southwark moderation materials](#)

## Development overview- completed example

<b>Child's Name</b> Favour Example				<b>Setting name</b> Anywhere nursery								
<b>Date of birth</b> 22 <sup>nd</sup> May 2018				<b>Age in Months</b> 40 months old

Favour is 3 years 4 months old (40 months old) when the application for SENDIF is made. Her age falls within the 36-42 months band

At baseline, developmentally Favour is:

- 6 months + delayed in communication and language- therefore her developmental stage is 30-36 months for CL
- 12 months + delayed in personal, social and emotional development- therefore her developmental stage is 24-30 months for PSED
- Within an expected range for physical development- therefore her developmental stage is 36-42 months for PD
