

SECONDARY RESOURCES

Please find here a range of free educational resources and guidance to help you engage and support pupils in line with the Prevent duty. Whilst the resources have been produced by third parties, they have been reviewed by the Prevent team for suitability.

The resources have been grouped by theme to help you find the best resource for the topic you wish to cover. Some of these resources are also suitable for use by parents.

Contact Katharine Andrews,
Southwark's Prevent Education Officer,
for more details about our work with
schools in the borough:
